Lessor reserves the right to check references and deny access to the equipment based on findings. All information obtained will be maintained in file for two (2) years. All information obtained through outside agencies is subject to the fair credit reporting act and will be released to you upon written request.

CANCELEATION/ SCHEDUEL POLICY

FLIGHT LESSON

If the student is not able to show for a scheduled lesson we ask that they call either the Instructor or the Warren County Airport at least six (6) hours in advance to cancel this lesson. If the student calls there will be NO charge.

However, if the student does not call or does not show for a scheduled lesson the student will be charged for a one (1) hour lesson. This includes the cost of the instructor for one hour as well as the cost of the rental aircraft for one (1) hour.

RENTAL

If the renter is not able to show for a scheduled reservation we ask they also call the Warren County Airport six (6) hours in advance to cancel the reservation.

However, if the renter does not call or show for the scheduled reservation the renter will be charged the full price of the rental aircraft for one hour.

** Please note there is an exception for weather related cancellations**

SCHEDUELING AN AIRCRAFT

We ask that you please schedule the rental aircraft in as far advance possible. At least one day is requested. The latest you can schedule an aircraft is two (2) hours prior to the time you request to reserve the aircraft, if at least two (2) hours is not given than the aircraft will not be reserved.

I have read the above policy and agree to all the terms.

OVERNIGHT RENTAL POLICY

Because there is such a demand for our rental/flight school planes, we have a four hour minimum per day policy.

When you rent the aircraft for more than one day (meaning you keep the plane over night) and the Hobbs time *does not* exceed four hours for that day- you are charged for 4.0 hours. This applies to each day you have the plane rented

If the Hobbs time *does* exceed four hours, you are charged the exact Hobbs time.

No exceptions (without prior agreement with airport manager).
